

Adult Hospitalist

Memorial Health System in South Bend, Indiana is deeply rooted in the northern Indiana/southern Michigan region, as evidenced by over 100 years of service to the nearly one million residents who chose to make it their home. We are in the midst of significant growth in many areas of medicine. As part of this further development, we are seeking additional **Adult Hospitalists** to expand our staff within the department.

Memorial's innovation in recent years has included a \$90 million surgical suite replacement project, a new Regional Cancer Center, and the establishment of Memorial Children's Hospital. We are very proud of our accomplishments thus far in attracting a number of quality physicians and sub-specialists to our community and invite you to explore all that we have to offer.

Memorial Hospital is a 526-bed Level II Trauma Center and a 36-bed Level IIIB NICU with a 24-bed ICU. Our new surgical department includes 22 ORs, 27 recovery rooms, and 15 pre-surgery beds providing technologically advanced care, as well as increased efficiency and safety.

We are actively recruiting physicians to expand the services of our Hospitalist Program. We are looking for energetic, enthusiastic physicians to assist us in transitioning the program to a new level of excellence in delivering exceptional patient care.

The greater South Bend metro area is a remarkable region of 170,000 residents that provides a highly diverse setting in which to reside from cultural, recreational, educational, college level sports, residential, and retail perspectives.
