

BRYAN BOYER, M.D.

Orthopaedic Surgery

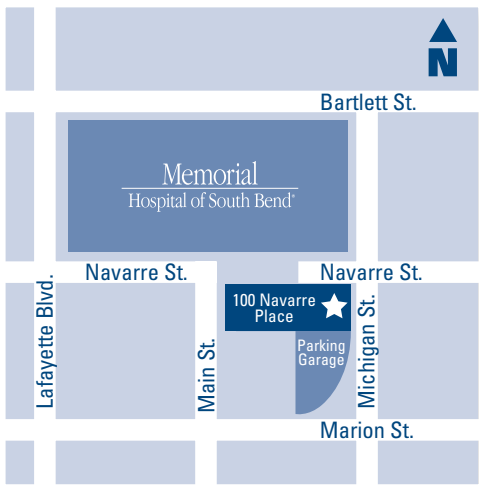

Bryan Boyer, M.D. received his medical degree from Indiana University School of Medicine, served his residency at Akron General Medical Center, and completed his fellowship in orthopaedic surgery at Grant Medical Center, Columbus, Ohio. He is board-certified in orthopaedic surgery and a member of the Orthopaedic Trauma Association.

As one of the only fellowship-trained orthopaedic trauma surgeons in the region, Dr. Boyer specializes in general fracture care, as well as high energy injuries, major multi-traumas, pelvis and hip socket fractures, malunion and deformity correction, nonunions, and bone infections. He also has special interest in Kyphoplasty for vertebral compression fractures.
